RELATED: 'Power Book II: Ghost' Showrunner Teases Original Cast Cameos in Remaining Season 2 Episodes 'Big deaths' were promised in the last episodes of season 2 The cast and crew of Power Book II: Ghost have stayed mum on the finale. But in an Instagram Q&A in January, creator and showrunner Courtney Kemp teased there would be "some more big deaths" in the final two episodes. "[At this point,] we know we've got a bunch of dead guaps, we've got a dead chef, we've got a whole bunch of deaths. So all those things have come into play," she said. "And do we think, maybe because it's episode 9, there are going to be some more big deaths? Let's see! ... There's only two episodes left in this season, and you guys know how we do it." Some fans writing on Reddit said they believe Mecca will be among those who die. "I might be completely off, but I think they setting Mecca up and cane finna get help from Riq to kill Mecca," read one comment. But at the same time, there were plenty of other guesses, ranging from Brayden Weston to Lorenzo Tejada to Everett Neal.
